Experience

Web Developer

GirlScript Ranchi
06/2020 - Present

I am responsible for the design of the website of GirlScript Ranchi. Being a core team member, I help in providing my inputs for the events organized by GirlScript Ranchi and help in the smooth execution of the events.

Front End Web Developer Intern

MissionEd
06/2020 - 07/2020

My work here involved with the creation of the landing page of missioned's official website & the UI design & implementation of the dashboard part of the website.

Education

ISC

D.B.M.S English School • Jamshedpur, Jharkhand
03/2018

Secured 85.75% in ISC Science Stream Board examinations.

B.Tech (Computer Science & Engineering)

SRM Institute Of Science & Technology (Deemed University) • Chennai, Tamil Nadu
05/2022

Currently completing courses in Computer Science & Engineering department with a CGPA of 8.8.

Projects

Covid Tracker for India – I learnt about how to use APIs and made a simple website that displays the covid count in India, updated every hour.
Multi-Mailer – A simple python script used to send emails to multiple people with just one execution. You can also send a HTML designed mail through this.
LearnYuva Website – I built the the front-end part of the official website of LearnYuva.
GirlScript Ranchi Website – I designed and contributed in the development of the GirlScript Ranchi website from scratch.

Skills

Web Designing – HTML, CSS, JavaScript **Languages** – Java, Python, C++. **Learning** – backend development with Django & MongoDB.
Soft Skills – Leadership, Event management, Content Curation
Industry Skills – **Responsive Web Design, Version Control** (Git & GitHub), familiar with **designing tools** like **Figma** & **Adobe XD.**
Languages I can speak – **English**, **Hindi** & **Bengali.**
